Designed for couples looking for opportunities to celebrate life together — enjoy recliners throughout the gardens, late movies and popcorn in the Great Room, and exploring 9.5 acres of woods laden with Maple, White Pine, and Birch that completely surround the inn.

Guests rave about breakfast at the Inn. Our sunlit dining room boasts 14 ft ceilings and 40 windows. Guests start their days with a three-course gourmet breakfast and Green Mountain coffee.

We know traveling is difficult with dietary restrictions. Not at Stone Hill Inn. We gladly accommodate AIP, gluten-free, paleo, vegetarian, vegan, and other dietary requests. Also, many of our Stowe restaurants offer farm to table dishes and are happy to accommodate dietary restriction needs — we can help you with your reservation.
